

White House Communications Agency

Certificate of Appreciation

Presented to

SPIRO DEMETRIADI

The White House Communications Agency Marine Security Force and Security Directorate wish to express our sincere appreciation for the outstanding manner in which you provided support and coordination for scheduling the March 2004 GRAPLE class.

Your superb attitude and professionalism, through several delays in the funding & approval process, ensured our Marines were able to obtain seats in this highly sought-after course. Your efforts will have a long lasting impact for the White House Communications Agency Marines, and their ability to protect Presidential Support Facilities.

Michael J. Bunnell

CTMC, USN, Technical Security Branch
